Re Proposed Development at

Brief Description of Development

Details of Applicant/Agent

In respect of the above proposed development the location of which is edged on the attached location plan* please would you confirm as follows:-

1. On the assumption that no more than 50% of the development site will be impermeable, will unregulated direct discharge of surface water from the development to the adjoining watercourse system be permitted? YES/NO
2. If the answer to 1 is NO, will discharge of surface water from the development to the adjoining watercourse system attenuated to greenfield rates of run-off be permitted? YES/NO
3. If the discharge of surface water cannot be permitted to the adjoining watercourse system please indicate briefly why.
4. (delete if not applicable) It is proposed to discharge foul effluent flows arising from the development to

Is this proposal acceptable? YES/NO

I/We enclose payment of £200 + VAT (cheques made payable to Middle Level Commissioners)
(VAT number 106 9461 69)

Payment may also be made directly to the Commissioners' bank account, viz:-

Account Name:-	Middle Level Commissioners
Sort Code:-	20-97-34
Account No:-	90632449

Please put applicant's/agent's name as reference.

or by credit/debit card. Please contact Mrs T Driver on 01354 602008

Please send invoice to Applicant/Agent (delete as applicable)

I/We accept and acknowledge that the responses made to the above questions do not remove the need for any other permissions or consents which may be required for the above proposed development and in particular that such responses do not constitute a consent to discharge flows issued by or on behalf of the Commissioners/IDBs and that a formal application for any such consent required in respect of the proposed development must be made at the appropriate time.

I/We further acknowledge that if the impermeable area of the proposed development turns out to be materially greater than 50% the responses given above may need to be reconsidered.

I/We acknowledge that the answers given on this form may not be able to be relied upon and that further enquiries should be made after 3 years from the date on which this form is certified.

Signed Dated

As Agent for/On behalf of

I certify that the responses given above have been made on behalf of the Middle Level Commissioners/relevant Internal Drainage Board under reference

Signed Dated
Proper Officer

Our Reference:-

- * Location plans, to a scale of 1:10,000 or larger, and Site plans, to a scale of 1:1250 or larger. Those based on an Ordnance Survey (OS) or similar mapping are recommended. These should clearly show the general geographic location and boundaries of the enquiry site and include general features and (where applicable) street names. Accurate grid references would also be beneficial.
